

Attention Pharmacists!

Massachusetts Prescription Monitoring Program (PMP)

The new online system, Massachusetts Prescription Awareness Tool (MassPAT), will be live summer 2016!

MassPAT Allows for...

- Easily navigable prescriptive history
- EMR integration
- Prescriptive history of other states
- Timely data (24 hr.)
- 12 months of prescription history
- Enhanced search
- Simplified log in process

Pharmacies Are...

- Required to send Sch. II-V dispensation data to the PMP daily
- Required to submit data per the Massachusetts Data Submitters' Guide specifications available on the PMP website
- To update data submission to Appriss' PMP Clearinghouse for May 31, 2016

Please see 105cmr700.012 and Chapter 52 - Acts of 2016, An Act Relative to Substance Use Treatment, Education and Prevention for more information

User friendly Interface

The screenshot shows the 'PMP AWARE' interface. At the top is a navigation bar with links: Home, Data, RxSearch, Insight, Admin, Settings, User Profile, and Help. Below this is a sub-navigation bar with tabs: RxSearch, Patient Request (active), Requests History, Requests Processing, MyRx, and Patient Alerts. The main content area is titled 'Patient Request' and shows a report prepared on 01/20/2016 for a patient named 'bob testpatient'. The report includes a summary of prescriptions (6), prescribers (4), pharmacies (3), private pay (5), and active morphine (0). Below the summary is a table of prescriptions with columns: Filled, ID, Date, Drug, QTY, Days, Prescriber, Pharmacy, Refills, MjEq, Pymt Type, and PMP. The table lists several prescriptions for drugs like HYDROCODON-ACETAMINOPHYN and ZOLPIDEM TART ER. To the right of the table, there are icons for PDF and Excel export, and a note about the ability to sort columns. Below the prescriptions table is a section for 'Prescribers' with a table listing Doctor, Appriss D and TESTPRESCRIBER, ALICE, along with their addresses, cities, states, and zip codes. A note at the bottom right indicates the ability to search out of state data.

Ability to export report

Ability to sort columns

Ability to search out of state data

- Data Submitters Guide released
- PMP Clearinghouse profile set-up began (3/1/16)

- Data submission transfers from Atlantic Associates to Appriss' PMP Clearinghouse (5/31/16)
- MassPAT profile set-up begins
- MassPAT System launch!

Implementation Timeline

- User trainings & engagement
- EMR linkage preparations

- EMR integrations
- Interstate interoperability
